

**External Quality Assessment  
for Medical Laboratories**

## Introduction

ESFEQA is a German based company providing innovative External Quality Assessment (EQA) programs. The programs of ESfEQA, the European Society for External Quality Assessment, are designed to determine the participant performance by means of interlaboratory comparison as basis for continuous improvement of the quality of results in medical laboratories. The ESfEQA programs are internationally distributed .

### Our Distributors

- ✓ Carefully selected local distributors
- ✓ Trained representatives of our service
- ✓ Integrated into an international network
- ✓ Provide direct support to participants

### Top Quality

- ✓ Accreditation according to ISO/IEC 17043:2010 by the German accreditation board DAkkS
- ✓ Truly independent of IVD manufacturer
- ✓ Consultancy with scientific advisors
- ✓ Web-based interface for online data submission and report retrieval

### Our Portfolio

**Flexible:** Various schedules for one program, option to enroll at any quarter of the year

**Innovative:** Continuous expansion of EQA programs according to participants requirements

**Efficient:** Multiparameter controls also for microbiology/virology such as Infectious Disease, ToRCH and Tropical Disease Program

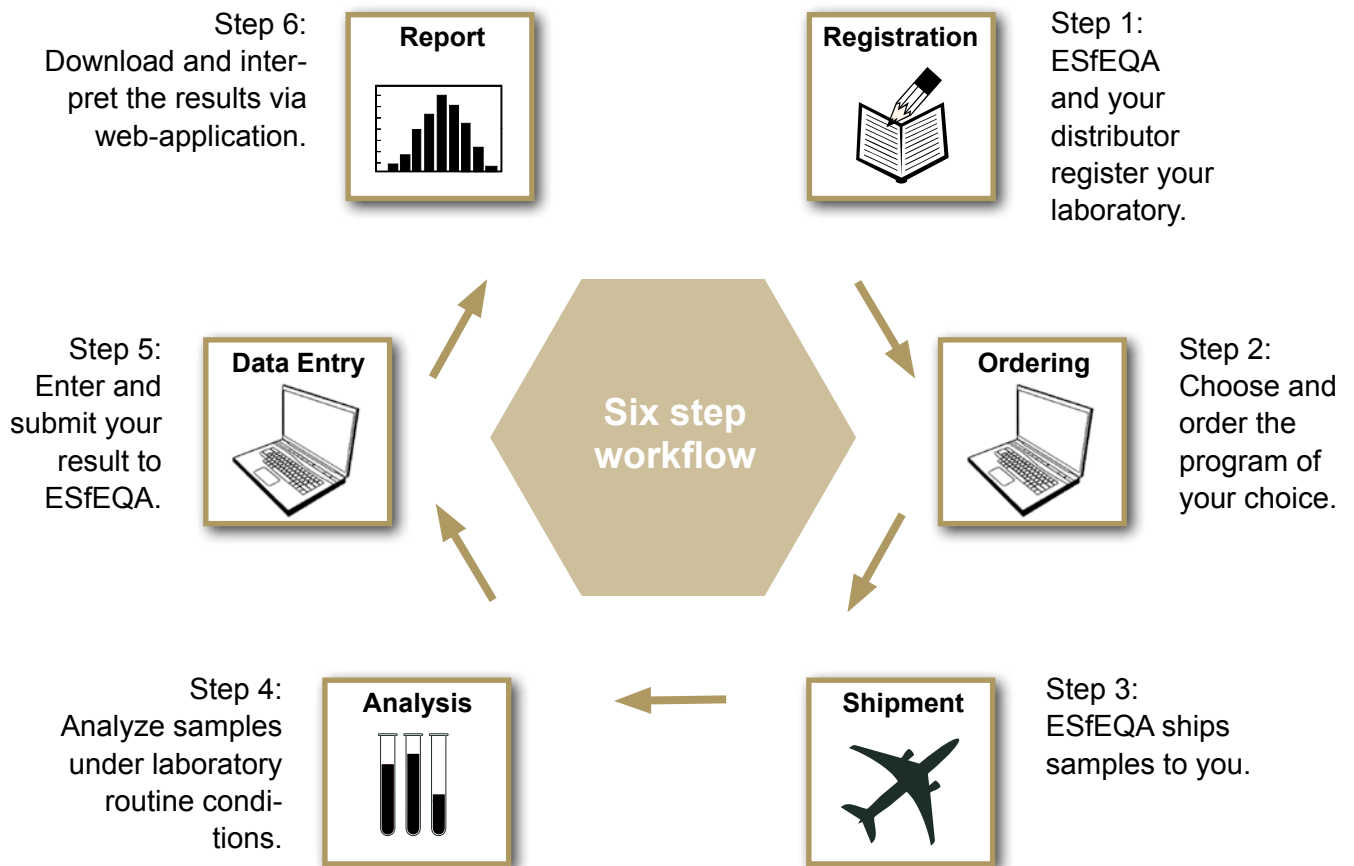

ESfEQA offers about 50 programs in four different areas:

<b>Biochemistry</b>	Blood Gas and Electrolytes*, Cardiac Marker*, Clinical Chemistry*, Coagulation*, Drugs of Abuse*, Ethanol*, FOB*, Glycated Hemoglobin*, Qual. Urine Analysis*, Therapeutic Drugs*, Urine Analysis*
<b>Immunology</b>	Hormones*, Specific Proteins*, Tumor Marker*, Tumor Marker & Hormones*
<b>Microbiology</b>	Adenovirus, Aspergillus Fumigatus, Bacteriology*, Borrelia*, Brucella*, Chagas, Chikungunya, Chlamydia Pneumoniae*, Chlamydia Trachomatis*, Coxsackievirus, Dengue, ECHO Virus, Enterovirus, Epstein-Barr Virus*, Hepatitis A Virus*, Hepatitis B Virus*, Hepatitis E Virus, HTLV I/II*, Infectious Disease (HIV, HCV, HBV)*, Influenza A Virus*, Influenza B Virus*, Leptospira*, Malaria Microscopy, Measles*, Mosquito Transmitted Diseases, Parainfluenza Virus, Parvovirus B 19*, Respiratory Syncytial Virus, Syphilis*, ToRCH*, Varicella Zoster Virus*, West-Nile Virus, Zika Virus
<b>Hematology</b>	Erythrocyte Sedimentation Rate (also for Alifax-Systems), Hemogram*, Hemogram incl. 3-Part-Diff

\* accredited by DAkkS according to DIN EN ISO/IEC 17043:2010

## Our service

We make it simple to work with us by an efficient workflow.

## Do you need more reasons to join ESfEQA?

- Compare your results to an international benchmark based on international surveys and participants
- Evaluate your results within your peer-group (same instrument, same method) but also in comparison to results of all participants
- Take part in a fast growing community striving for continuous improvement
- Choose programs that have two, four or twelve surveys per year
- Enter your own results immediately even if your analytical system is not yet listed in the database
- Benefit from state-of-the-art statistics and the tailor-made TEQA web-application
- Results for up to three different instruments/devices can be reported by each participant without any extra charge
